

Our unique design keeps butter at the perfect “spreading” consistency by reflecting outside heat while insulating and cooling the butter. Flavour and freshness is protected by an airtight seal of water at the base of the crock.

Proper maintenance: water should be changed out every three days. Replace existing water in the base with fresh, cold water. The crock should be stored away from heat or sunlight.

Holds up to one full stick (1/2 cup) of butter. Softened butter is packed firmly into the bell-shaped lid. Cold water is poured into the base of the crock. The lid is placed upside down back into the base of the crock. Soft, spreadable butter may be enjoyed and served right from the crock.

Classic Crocks

The Original Butter Bell® Crock is a modern version of the Authentic French Beurrier. Each piece is individually hand painted for a one of a kind uniqueness. Two styles have the French word for butter "Beurre" on one side and the English word "Butter" on the other. Made of high quality New Bone China crocks are dishwasher safe and lead free.

Cow Crops

In honour of butter's natural source, L. Tremain created this original black and white cow pattern butter bell crock. The black and white pattern covers the entire base of the crock, as well as the bell-shaped lid and the top. Definitely a unique piece for collectors of cow-patterned products!
