

Island Bamboo™ products are an earth friendly choice for kitchenware products because they are high quality with a long useful life, manufactured from bamboo, a renewable resource and thoughtfully packaged to reduce waste.

The Island Bamboo™ brand is manufactured exclusively from Moso bamboo, which is not a food source for China's endangered Giant Panda, while the HUE Bamboo line extension incorporates innovative material accents including non-toxic silicone, food safe lacquer and rainbow wood made from white birch.

Bamboo is a renewable resource and viable alternative to wood and petroleum based products. It is a plant that grows abundantly, as much as 2 feet per day, with little water while providing 35% more oxygen than similar standings of timber.
