AEGIR

If you love craft beer, you know the presentation of the drinks is just as important as the process behind it – the perfect brew must have its perfect vessel. In the past, outdoor drinking has compromised this companionship. Beer connoisseurs had to take the risk of bringing their glasses outside or pour their beloved brew into a generic plastic cup. This ends today. With the Aegir Unbreakable IPA Glass, we give the draft devotees the ability to drink where they please.

IRONWOOD™ PREP & CUTTING BOARDS

Besides being beautiful, end grain boards have even more advantages—both practical and cost-effective. Unlike traditionally made boards, end grain construction is less dulling to cutlery because the wood grain direction accommodates cutting instead of resisting it. (As the knife cuts, it slides into the direction of the grains instead of against them). Wear and tear is minimized on both cutlery and on the board, giving more longevity to all your cutting tools.

HOW TO CLEAN YOUR SLATE

All of our products are treated and sealed to be food safe. Soapstone, chalk, crumbs, and liquids wipe off easily with a damp sponge or towel. Our cheese boards can also be washed with a sponge and dish soap.

Cutting on your slate is not recommended. Not dishwasher-safe.

CARING FOR YOUR SLATE

In order to preserve your slate cheese board for years to come, wipe it down with a drop or two of food grade mineral oil about twice a year. Mineral oil helps protect the integrity of the slate and maintains a slightly polished look.
