## PRESIDENT'S NOTE

For years our print catalog has been an important tool for us to communicate with our customers. Much has changed in the past 10 years including an increase in digital media and a focus on recycling.

Taking everything into account, it was time to make a change and reduce the amount of paper we print. This year we are only printing "new and notable" of our brands.

To make sure that you have the resources you need, we are supplementing our print catalog with an online flip catalog. A PDF file with the full range of already-existing products that we continue to stock is also available. Lastly, in the US our wholesale online ordering site is up and running to make ordering a snap.

We continue to do our best to support you, our valued customer, in selling during these challenging times for retail.
